Sri A. BHEEMAPPA NAIK.—Is it not a fact that the Department is trying to collect some other information before granting loans—*per cppita* income, *per capita* debts and so on ? In trying to collect these statistics, delay is caused and these shareholders are suffering, even after having paid their share amount.

Sri H. SIDDAVEERAPPA.—I promise the Hon'ble House that there will not be any avoidable delay. I will see that loans are disbursed within the course of the current year.
